Professional Summary

- Seeking full time roles in Cyber security, Network Engineering, IT Auditing and Systems Engineering.
- Splunk, Security Information and Event Management, forensic tools, and cisco devices hands on experience
- Incident response, risk assessment & monitoring, cyber kill chain, threat detection and vulnerabilities skills

Education

Iowa State University, Ames, Iowa

Master of Science in Computer Engineering (Cyber Security and Networking Focus) GPA: 3.55/4

May 2020

Relevant Coursework: Network Security, IT Auditing & governance, Information Warfare, Computer & Network Forensics

Bachelor of Science in Computer Science

December 2017

Certifications

Enterprise Cybersecurity Management, *Iowa State University*

May 2019

CyberArk Certified Trustee

January 2020

Technical Skills

SOC/SIEM Tools: Splunk, Kali, Wireshark, Nmap, John the Ripper, Ophcrack, PuTTY, Firewall Configuration, DLP, IDS/IPS

Forensic Tools: EnCase, Forensic Tool Kit (FTK), Autopsy, The Sleuth Kit

Networking Tools: F5 Big IP LTM GTM, ESXi, Virtualization, Cisco routers, switches & CLI, Wireless Networks

Security Frameworks: NIST Critical Infrastructure & SP 800, ISO 27001, FISMA, HIPAA compliance, HITRUST, CoBIT, COSO

Virtualization Tools: Vmware Vsphere, Horizon, ESXi, Virtual Desktop Infrastructure (VDI)

Networking Protocols: HSRP, MPLS, DMVPN, OSPF, Spanning Tree, BGP, VPN, QOS

Network Administration: TCP/IP, OSI layers, LAN, WAN, IPV4/IPV6, VLAN, TLS, SSL, DNS, HTTP, HTTPS, PKI

Operating Systems: Windows, Linux, and Mac

Analytic Tools: SQL Database, Power Bi, Tableau

Microsoft Office Suite: Word, Excel, PowerPoint, Outlook

Professional Experiences & Projects

Network Engineer Intern - J.B. Hunt Inc. (Fortune 500 Company), Lowell, AR

May 2019–August 2019

- Racked and stacked new cisco switches, servers, routers, and wiring infrastructure increasing project efficiency by 15 percent
- Developed and designed scripts for cisco routers and switches which helped networking teams to complete project before deadline
- Installed and managed network devices including firewalls, firepower, servers, routers, and switches
- Analyzed remote sites and helped networking teams in troubleshooting
- Deployed and managed complete networking infrastructure on a large-scale 4-floor new constructed building
- Created and maintained documentation of network mapping, configuration, and infrastructure equipment inventory
- Built IOS configuration for cisco switches and routers
- Worked and assisted wan, core, design, and operational networking team in designing network and configuring networking devices

Projects – Computer and Network Forensics, Iowa State University, Ames, IA

August 2019–December 2019

- Worked independently and used Encase and Forensic Tool Kit to acquire and solved digital crimes from suspected systems
- Utilized Autopsy and Sleuth Kit to recover data from hard and flash drives by using attention to detail skills
- Learned and applied various searching, file carving techniques and strings to find hidden data and evidence acquisition

Network Admin Intern - Octadyne Systems, Ames, IA

June 2016–August 2016

- Maintained BIG IP F5 and troubleshoot Cisco ASA firewalls, switches, and load balancers
- Administered network and disaster recovery plans and met project deadlines efficiently
- Configured and managed networks, virtual machines and servers
- Frequently visited company data center and helped set up networking infrastructure equipments

IT Support & Technology Specialist - Iowa State University, Ames, IA

February 2018–December 2019

- Provided software and system support to more than 250 TRIO full time staff and students
- Planned, designed, and created a technology room for department in limited time and meeting the expectations in timely manner
- Managed, configured, and troubleshoot computers, printers and lab printers boosting the lab performance by 25 percent
- Evaluated and handled over \$15000 IT budget for the department and saved money for the department by reducing cost

Leadership Experience

Vice President- ISU Cricket Club - Increased membership 60% within 1 year, Organized 20% events over LY

August 2016–July 2017
